* Indicate if paddler is under 18

+ Indicate if paddler has valid CPR license or certificate

PRINT Team Captain/Manager Name: _____

Signature: _____ Date: _____
Team Captain/Manager (Circle one)

NOTES: Crew composition will consist of 18 paddlers (minimum 6 female paddlers), drummer and steersperson per each boat. EXCEPTIONS - Open, Women and All Female Cancer Survivors Divisions.

A paddler may be rostered on only one Mixed Division team. The Open, Women and Master Division rosters may reflect composite teams. EXCEPTIONS - Drummers and Steerspersons can race in more than one division.

WRISTBANDS (Mixed Division ONLY) - a **maximum of 21 wristbands** will be distributed to each mixed team. Only the 18 paddlers, 2 alternates and team leader will receive wristbands. Drummers and steerspersons will NOT receive wristbands. Example - if a team has 18 paddlers, a team leader, and 1 alternate listed on its roster, a total of 20 wristbands will be given to that team.

Wristbands will be checked at the marshalling area and paddlers WITHOUT the appropriate color wristband will NOT race in that mixed division heat. It is the team leader's responsibility to ensure paddlers wear the correct color wristband BEFORE lining up for that race.
